

**Cal-EPA, CalSites List (formerly Abandoned Sites Program Information System, ASPIS):** This list identifies facilities that have been researched by the Toxic Substances Control Program of the Cal-EPA. The CalSites List was reviewed to determine if the subject site or sites within 100 feet of the subject site are listed.

**U.S. EPA, Emergency Response Notification System (ERNS) List:** This database identifies sites that have experienced a hazardous materials spill or incident as reported to the U.S. EPA Region 9. The ERNS List was reviewed to determine if the subject site or sites within 100 feet of the subject site are listed.
